faz workshops

The revolution in the manufacture of objects is happening, product design is at the service of the user-maker: DO IT with your hands!

Are carpentry workshops for beginners focused on the democratization of carpentry, designed to promote the pleasure of building something with our own hands without complications, just fun!

	tools	time	capacity
 <p>FAZ a chair</p> <p>The design focus of this armchair is the use of only two wood references: batten and board. The use of basic tools, little construction time, without compromising ergonomics, functionality or aesthetics are also values in its design.</p>	<p>Mandatory: Hammer, handsaw, tape measure and pencil. Opcional: Screwdriver with PZ2 tip and square.</p>	6h	5 adults
 <p>FAZ a kid's chair, parents and children</p> <p>This chair has been specially designed to be very easy to build. Each chair will be sized according to the height of the child. It is made of pine wood with glue and nails, without a saw, then just give free rein to creativity and color it.</p> <p>👤</p>	<p>Mandatory: Hammer, tape measure and pencil. Opcional: Screwdriver with PZ2 tip and square.</p>	6h	4 children (4 -12 age) accompanied
 <p>FAZ a children's desk, parents and children</p> <p>This desk was specially designed to be very easy to build. The special feature of this desk is that it can be used in two heights: 50 or 65 cm, just by removing the top, rotating the structure and fixing the top again, thus being suitable for children from 4 to 10 years old.</p> <p>👤</p>	<p>Mandatory: Hammer, tape measure and pencil. Opcional: Screwdriver with PZ2 tip and square.</p>	6h	4 children (4 -12 age) accompanied

FAZ a quick stool

Standard material, few tools and quick construction are the main features of this workshop. Suitable for events open to the public with free participation.

Mandatory:
Screwdriver with
PZ2 tip

3h

6 adults or
accompanied
children

FAZ a table

This table has stabilized legs without joinery, the use of fittings or hardware, so it is indicated to be built by beginners in carpentry, with basic tools and in a short period of time.

Mandatory:
Hammer, tape
measure and
pencil.

6h

5 adults

Opcional:
Screwdriver with
PZ2 tip, clamps
and square.

FAZ a pallette bench

This workshop was designed to equip spaces with bench seats. The trainees build the bench with pallets, reclaimed or purchased wood, the design being adapted to the dimensions of the available materials.

Mandatory:
Hammer,
handsaw, tape
measure and
pencil.

4h

10 adults

Opcional:
Screwdriver with
PZ2 tip.

FAZ a twig stool

This workshop is designed for larger groups of children monitored by 1 adult for every 5 children over 8 years old. The materials are twigs, old cotton fabric and glue. Tools are scissors and brush.

Mandatory:
Scissors and
brush.

3h

15 children
(from 8 years
old, with 2
assistants)

FAZ a escola feliz

This workshop was created to build objects for the primary school playground. These are: playhouse, table, ball maze and sandbox. Involving the entire community and with very low resources like pallets.

Mandatory:
Hammer,
Screwdriver with
PZ2 tip, handsaw,
tape measure and
pencil.

8h

3 to 20
adults and
children
(from 4 years
old)
accompanied

Opcional:
square and
brushes.

FAZ a paper kite

Canes, twine and paper to create a kite that flies with just a breeze. In this workshop, children and adults build kites and learn to fly them.

Mandatory:
Scissors
Opcional:
Brush and pencil.

1 a 2h

8 adults and children (from 4 years old) accompanied

FAZ on Christmas

This Christmas parents will be Santa's elves and will build very special toys: a dump truck or a baby stroller with a hood. From a reused wooden box we build robust wooden toys for long play.

Mandatory:
Hammer, tape measure and pencil.
Opcional:
square and brushes.

14h (in 4 days)

4 adults

FAZ with 3D printed parts

Standard material, 3D printed connectors and little time to equip a space with shelves, tables and chairs. For participants with some experience.

Mandatory:
Screwdriver with PZ2 tip, drill bit, tape measure and pencil.
Opcional:
Square.

Min. 3h

+ 3 adults

FAZ a cereal box cardboard toy mask

Find out what a mold is, what the "tweezers" are for, there is glue made in the kitchen and you can eat it!, animals have different nose shapes than ours, there are happy and cute mouth shapes, when the mask rips I know how I can make another one, I can keep the elastic until I get old and recycle the cardboard.

Mandatory:
Scissors and stapler.
Opcional:
Brush and pencil.

1 a 2h

8 adults and children (from 4 years old) accompanied
