

Ruesta, a beautiful remain

Ruesta, a beautiful remain in "el Camino de Santiago". Interventions on the French Way to St. James

Evaluation report

The social repercussion of the projects is magnificent, probably as a manifestation about the interest that our society demands about demographic and cultural phenomenon in depressed areas as Ruesta. As a guarantee of the success of the project, we attach the list of the awards received, and the articles published.

Awards:

- Building of the year 2022 Archdaily, finalist.
- Hispania Nostra 2021 award.
- II Gala de edificación 2021, COAATZ, accésit.
- BEAU 2021, Selected (Bienal Española de Arquitectura y Urbanismo).
- Colegio de Arquitectos de Aragón. Accésit en restauración, premio García Mercadal 2020.
- Institución Fernando el Católico. Accésit XLI Trofeo Ricardo Magdalena 2020.

Publications:

The works in Ruesta have been published in most readed architecture magazines as Divisare, Arquitectura Viva, Abtare, Area, etc. Nowadays two articles in Architectural Review, and Opus are in edition.

They are also published in general or scientific publications as National Geographic or ArchHistor,

And the projects have been showed in several international congress about restoration, architecture, and depopulation, or in different universities, as Catania, Milano, Zaragoza, Reggio Calabria, Anahuac, or Medellín.
